

AMERICAN UNIVERSITY

WASHINGTON D.C.

To: Child Development Center Parents
From: Beth Root, Director
Date: May 5, 2023
Subject: Tuition Rates Effective August 28, 2023

The Child Development Center offers an important early childhood education opportunity for AU families and community members. Teachers at the Center provide a high-quality education to the youngest members of the AU community. The annual tuition adjustment helps to offset increases in the costs of maintaining the facility, providing program equipment and supplies, center insurance, teacher and staff salaries and benefits. The center's new tuition rates for the new school year 2023-2024 will be as follows:

| New Rate | Affiliation |
|-----------------|---|
| \$1,423.00 | AU Student Families <i>To be considered for the AU student rate, at least one parent must be enrolled as a full-time student in a degree-seeking or certificate program during each semester of the current academic year.</i> <ul style="list-style-type: none">• <i>Full-time undergraduates (12 credit hour minimum)</i>• <i>Full-time graduates (full-time status as declared by a particular teaching unit; usually a 9-credit hour minimum)</i> |
| \$1,586.00 | AU Faculty and Staff Families AU Alumni Families Wesley Seminary Families On Campus AU Support Organization Families |
| \$1,727.00 | Community Families without AU Affiliation |

The new rates will take effect August 28, 2023. For continuing AU faculty and staff parents, whose children are already at CDC, your payroll deduction amount will be automatically increased after signing a new form. Non-AU parents will need to make the necessary adjustment in their payments starting August 28, 2023.
